- 1. The SS EMMET. Folish registry, while at Genoa, unloaded 445 tons of paper for the Einaudi publishing firm of Turin. In turn, Einaudi ceded this paper allotment to the following firms:
 - a. Fratelli Bologna Company of 31 Via Gialdini, Turing and
 - b. Oddonino Company of 78 Via Pietra Giuria, Turin.
- 2. The transaction was authorized by Italian Government License Number 68596, issued by the Finance Ministry for 400 tons of paper from the USSR in favor of the Giulio Einaudi Company of Rome. Payment was to be made in dollars. There is no evidence that payment was ever made by Minaudi, and allegedly this is nothing other than a direct subsidy, through commercial gifts, to the Italian Communist Party.
